Reaching Greeks
The Korianitis' in Greece
and around the WORLD

Good and Bad....

Dear co laborers in Christ,

Most of you already know that my (Takis) mother passed away on April 27th. There is a new normal in our lives since then. Some days easier than others, but never without the Lord. It has been a whirlwind of paperwork and properties settling with family along with preparing for Summer Daycare while

still carrying on with Church ministries and outreach.

Most of our focus has been on the music ministry since it has proved a great way to be involved in the community more than ever before. As you know we were asked by parents to start a summer Day care and we finally did. We started in June, and we have 18 children that attend from 9am to 3pm daily, Monday to Saturday. It has been great so far.

As with the new building project we decided to take a break since prices have almost doubled. Every day is a new price on things. We are waiting for things to stabilize till October, if not, then we will continue with whatever funds we have.

April and I have spent most of our finances on preparing the Day Care. Fencing and a wall were the greatest need. We did not want to burden the church, since we are saving most of the church's funds for the new building project.

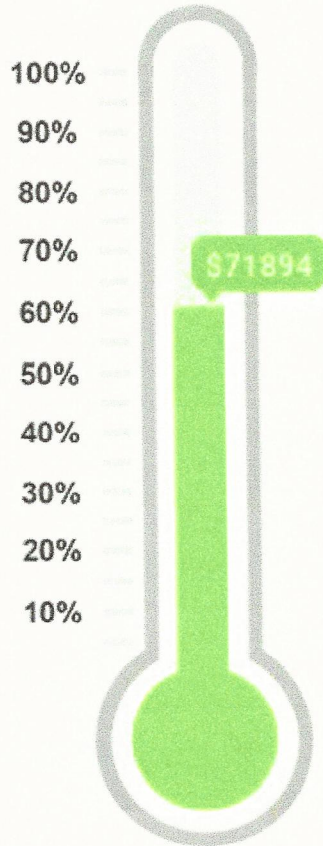

We need you to pray with us for all these things, and also for some disturbing news for April and I. Our youngest son Anestis has told us that he has doubts about God and he does not know if he believes.... We have not been able to extract any more information on what he exactly means by that. I had a small talk with him, and I assured him of our love to him and that I am expecting some explanation on what he has said. But also, that we are here to help him understand more or answer his questions with what is going on in his heart. The truth is that these 2 years of covid restrictions have really damaged many. We did not share with you that in the beginning of the school year going back after 2 years he was in shock. They called us from the principal's office to go get him. I found him in a state of shock. Run to the hospital did all kind of tests, but nothing physical. We were able to help him get over that and help him throughout the year. Recently he has been different again, so, we are not sure of what is going on. Please, please pray with us!!

Please Pray for:

- Anestis Daniel our son.
- Salvation and freedom of Greeks from Greek religious traditions and sin.
- More workers for the harvest in Greece.
- The future Church building Finances.
- The Summer Day Care. Safety, salvations, wisdom, strength.
- Short furlough in August. Visiting our son and meeting our granddaughter.
- Outreach through Music. Outreach via social media. Internet Bible Radio.
